

"You've set a new standard which I will now use to judge all other service providers."

- Dr. Michael L. Kabler, Assistant Superintendent, Westerville Schools

Revolutionizing Substitute Placement

THE NEW STANDARD.

Your school depends on having the most competent employees in the classroom every day of the year, which is why FrontLine Data pioneered the 1st online solution for absence tracking and substitute placement.

Serving more schools on-line than any other substitute placement system, AESOP is used in over 400 school districts across the United States and Canada. By reducing unfilled classrooms and increasing the quality of substitute pools, AESOP helps to ensure the highest level of education for your students.

REDUCE THE HASSLE OF FILLING CLASSROOMS.

In the past three years over 8,000 school administrators have eliminated the time-consuming tasks related to placing substitutes on a daily basis. Principals using AESOP have eliminated early morning calling sessions, allowing better use of their time.

GET THE DATA AS IT HAPPENS.

Principals receive immediate notification when any employee in their school enters an absence.

"We get an e-mail every time someone takes leave," Matthews said. "It really made a difference. The system has helped reduce absenteeism in the past year. You can notice patterns [of absences] and speak with staff members. The principals are much more aware of leave."

REAL-TIME ABSENCE REPORTS.

Principals can easily access real-time reports, empowering them to manage employee absenteeism to reduce costs.

The **Aesop Daily Report** instantly shows which employees are absent and which substitutes are working in their place.

The **Day of the Week Absence Analysis Report** allows principals to see and understand daily absence trends.

IMPROVE THE QUALITY OF SUBSTITUTES.

A common misconception is that substitute placement systems will put lesser qualified substitutes in front of your students. Instead, clients have found that Aesop's rich skill and preference matching capabilities have ensured that the most qualified substitutes are placed in their buildings, everyday.

User-friendliness. We know that you and your staff don't have time to learn a complex system. Therefore, we designed Aesop to be easy to understand and use, allowing you to spend more time on what is important and less time reading manuals.

Effective training. We provide an on-site, hands-on workshop that will show you and your staff how to best implement AESOP in your schools.

Rapid Implementation. Aesop is the fastest and easiest substitute management solution to deploy. This makes sense because there are no computer servers, workstations and telephone lines to install and support.

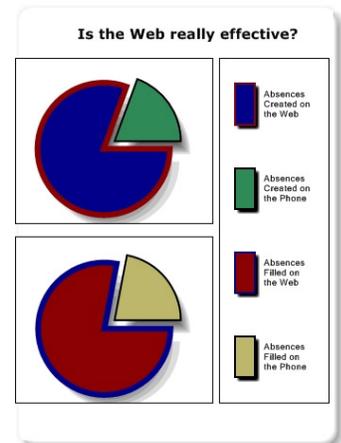

EASY TO GRASP. EASY TO USE. RAPID RESULTS.

Employees can enter absences via both the Internet and toll-free IVR.

Substitutes can proactively accept jobs via the Internet and toll-free IVR. AESOP will also call substitutes for jobs.

School Administrators can enter and modify absence data, assign substitutes and access reports about their schools from anywhere, anytime.

District Administrators can view and manage absence activities for all schools and departments from anywhere.

CUSTOMER SERVICE AND SATISFACTION.

Best of all, Aesop customer service is guaranteed and backed by a 30-day notice cancellation policy. If you are not satisfied with our service for any reason, you can cancel without penalties, no questions asked.

WHAT OUR CUSTOMERS HAVE TO SAY ...

"Principals, teachers, and substitutes have stopped me on the street, at the mall, and at restaurants telling me how much better it is. Without reservation, I would gladly recommend Aesop to any school district."

**Charlie Williams, HR Director
Cabarrus County Schools, NC**

"Finally, a program is available that offers exceptional service to administrators, teachers, and substitute teachers, yet is affordable. Another huge advantage is there is no long-term contract—if Aesop doesn't deliver the goods, they're out the next month."

**Scott Chestnutwood, HR Director
Tift County Schools, GA**
